Weekly class story uploaded read by your teacher	<b>Weekly topic for all the family: Religious Education (RE)</b> <b>Task 1:</b> Eid has just been celebrated worldwide. Do some research and make a mini information booklet. Ask your Parents and Carers to help. (Write about the message behind the festival and what Muslims are thankful for at Eid.) Include a picture for each page. Use <a href="https://www.bbc.co.uk/cbeebies/puzzles/lets-celebrate-eid">https://www.bbc.co.uk/cbeebies/puzzles/lets-celebrate-eid</a> - Let's Celebrate Eid			<b>Creative afternoon: Art and Maths!</b> <b>Islamic Art (Links to maths through shape and pattern)</b> <b>Forms of Islamic Art - Vegetal Patterns</b>   These semi-natural patterns used in early Islamic art decorated buildings, textiles, pottery and manuscripts. The patterns are based on plants and flowers found in the natural world.

<https://www.youtube.com/watch?v=21qi9ZcQVto> – How to Make a Mini-Book

**The Big Question: What other religious festivals do you know? How are they similar to Eid?**

**Task 2:** Design a poster about Shabbat. Include the following information with pictures too:

**Judaism - We are learning about growing up in a Jewish family.**

Here are some videos from the BBC to help you research:

<https://www.bbc.co.uk/bitesize/clips/zd9jxnb> - Meet a Jewish family

<https://www.bbc.co.uk/bitesize/clips/zs2hyrd> - An introduction to Shabbat

<https://www.bbc.co.uk/bitesize/clips/z3hyr82> - Celebrating Shabbat in a Jewish home.

Q: What is Shabbat?

Q: Why is it special?

Q: What happens before Shabbat?

Q: What aren't you allowed to do during Shabbat?

Q: How do Jewish families celebrate Shabbat?

**The Big Question:** How is Shabbat like Eid? (discuss with your parents and carers)

**Super challenge: STEM-  
Science, Technology, Engineering and Mathematics!**

**This is something extra to make if you have the time:**

Islamic Vegetal patterns feature Arabesque (meaning 'in the Arab fashion' in French) patterns consisting of foliage and flowers in a linear pattern.

**Task:** Forage for fallen treasure (leaves and petals) outside and make your own vegetal pattern. You could draw around the leaves and paint the outlines or practise leaf printing by covering the leaf with paint and pressing onto a piece of paper. Alternate with the different leaves to build your pattern.

**Forms of Islamic Art - Geometric Patterns**

Geometric patterns consist of repeating, interlaced or overlapped shapes arranged in complex, intricate patterns.

**You can research by looking at the following:**

<https://www.youtube.com/watch?v=27iVbB656a0> - How to draw a simple Islamic geometric pattern.

<https://www.ncetm.org.uk/resources/18030> - The National Centre for the excellence in the teaching of Mathematics provides some detailed context.

<http://www.sigd.org/resources/> - The School of Islamic Geometric Design has patterns to view:

<http://www.cleavebooks.co.uk/trol/trolna.pdf> - Geometric patterns and outlines <https://youtu.be/pg1NpMmPv48> The complex geometry of Islamic design.

# Weekly Timetable for Home Learning

Talk Time - WALT find out about the value of kindness - (Mental Health Awareness Week).

Is kindness good for your health? Explain your answer to your parents or carers. 😊

Kindness is contagious.

You can discuss with your parents and carers and write down what you find out in your exercise books.

First, do some research by answering these questions in your exercise books: (discuss your answers with your parents and carers too.)  
 (Look at this video from Newsround and read the article on the benefits of kindness - <https://www.bbc.co.uk/newsround/52557800> )

- ➡ What is Mental Health Awareness week?
- ➡ What are the benefits of kindness?
- ➡ **Make a Kindness calendar for the next 7 days.** Do a different kind deed on each day: **Discuss with your parents/carers.**
